

QL - Mini Hinge Damped

Description

QL is a hinge for bathroom furniture doors. Mini hinges are used by everybody several times per day but many of them are not able to make the closing smooth. QL has a damper integrated in the cup and is the smallest mini hinge on the market: with only 23 grams, it weights 35% less than other mini hinges. QL was designed to guarantee its functionality at least till 40.000 opening cycles, working in an environment with a range of temperature between 5° and 50°C and with high levels of humidity.

Statement of the jury

Despite its very small size, the »QL« mini hinge by Formenti & Giovenzana has an integrated damper that causes the door to close and open smoothly.
